

Christmas is coming and, for many of us, it is a difficult time to figure out what we can give to our love ones and others we wish to remember that they will find delightful.

We want something easy to wrap that we can give to anyone. Something that we do not have to go out of our way to find - with no shipping costs!

To that end we have ordered more pens, this time in green, and, with the first limited orders, we can offer a small velvet pouch in which to place the pen. Wrap a fifty dollar bill around the pen and slide it in the pouch for your spouse or Mom. Wrap a twenty dollar bill around the pen and give it to each of the grandchildren. Put in five dollars and give it to your hair dresser. You get the idea.

It is still inscribe with a quote from our patron, "Love is repaid by love alone".

Each pen comes with a stylus for managing touch screens.

The cost is \$3 each or 2 for \$5; the **benefit will go to Fr. Mike to augment his charity for the poor.**
